JOHN W. HOBBS JOINS C. P. R. DIRECTORATE

Toronto Business Magnate
Has Distinguished
Career

John Wilberforce Hobbs, who has just been made a director of the Canadian Pacific Railway Company, is a typical Canadian and equally typical of business success, his new directorship being added to a series of executive connections with some of the most important business and financial concerns in the Dominion.

He was born in London, Ont., on December 2, 1875, son of William Richard Hobbs and Annie Osborne, and graduated from the University of Toronto, with the degree of Bachelor of Arts, in 1898.

JOHN W. HOBBS.

In 1905, he married Katherine Babbitt. They have one daughter. Entering the service of the Hobbs Manufacturing Company, Limited, in London, Ont., in 1898, he became manager of the Consolidated Plate Glass Company, Limited, Toronto, in 1901, and managing director in 1907. He is now the organization's president.

Other interests include directorships in the Lake of the Woods Milling Company, Limited; the Imperial Bank of Canada; the Continental Life Insurance Company; the Scottish Union Insurance Company, of Edinburgh, Scotland, and the Securities Holding Corporation.

His social interests are many and varied. He is an ardent devotee of fishing, golf and tennis and is a member of the York, National, Hunt, and Ontario Jockey Clubs, Toronto. He also belongs to the Royal Canadian Yacht Club; the Caledon Mountain Trout Club, and the Lambton Golf Club. His Montreal clubs include the Mount Royal; Forest and Stream and Mount Bruno Golf Club.

Prizes Offered for Destruction of Pests

Alberta department of agriculture is again offering prizes to the individuals and school groups and gun clubs which have the greatest success in the wiping out of the gophers, crows, and magpies.

Points are given as follows: For crows and magpies for each egg 4 points; for each gopher tail 1 point.

For gun clubs and similar organizations there are six prizes, ranging from \$200 down to \$25. Individual prizes totaling \$670 are also being given, with \$75 as first and others ranging down to include the 159 competitors.

There are five prizes in the competitions for schools, the first being \$70 and down to \$10 for 5th. Individual competitors in this section are also given prizes totaling 2300 dollars with 75 dollars for the highest and down to 50c each to the 466th to 3000th.

For a copy of regulations apply to, Game Branch of Agriculture, Edmonton.

Special Meeting of P.T.A. to Arrange for Annual Picnic

A special meeting of the P.T.A. will be held in the school at 8:30 p.m. on Monday May 30th.

This meeting has been called for the purpose of arranging for the annual picnic. All parents and those interested are requested to attend.

Reorganization of Baseball Club

An enthusiastic crowd of ball fans gathered at the Sunshine Shoe Shop Friday to discuss reorganizing a baseball team. After some discussion it was decided to again field a team and the officers elected were as follows:

President—T. S. Board
Vice-P.—Dr. E. J. Liesemer
Sec.-Treas.—H. McCullough
Manager—L. F. Chrestenson
Asst. Manager—Jack Beagle.

With such talented players as Mervin Norton, Melvin Bowman, Francis Mason, Ernie Norton, Harry McCullough, "Jeff" Smith, Fred Miller, Bob Hales, Jack MacLeod, C. L. Archambault, Russell Shultz in town there is no reason why the Arrowwood Ball Club shouldn't be bigger and better than ever. The team practises Tuesday, Thursday and Saturdays and all players are requested to be at practice.

Tom Haythorne Visits Arrowwood

Mr. Tom Haythorne, Secretary of the Alberta Boys' Work Board, visited Arrowwood last Saturday and Sunday. He held a meeting of the boys on Saturday night in the printing office and gave the address at church worship in the United Church on Sunday.

The purpose of his visit was to determine the advisability of holding a Boys' Camp in this district during the coming holidays. At the meeting on Saturday evening the boys were very enthusiastic over the idea, and at the meeting held after church worship on Sunday, the boys, fathers also showed much enthusiasm. A committee was appointed to serve as a business executive for the camp. The committee are: Mr. L. F. Chrestenson, Mr. C. G. Taylor and Mr. R. F. Williams. Any boy wishing to attend camp or any parent wishing to send a boy to camp will please communicate with one of these men. If possible, Mr. Haythorne will attend the camp as a leader, as he did two years ago. Centres taken in by this camp include: Arrowwood, Blackie, Carseland, Cluny, Gleichen, Milo and Queenstown any other outside point.

B.Y.P.D. Enjoy Weiner Roast

Last Friday evening the B.Y.P.D. held a weiner roast at the river. A very enjoyable evening was spent in playing games and the young people arrived home before the rain started to fall.

Arrowwood's Sixth Annual Celebration to be Held June 3

Good Program of Sports and Athletic Events Has Been Arranged

A big day of sports and athletic events has been planned by the Arrowwood Baseball Club for Friday, June 3rd. The school sports will be commenced at 10:00 o'clock in the morning and the afternoon's performance will be featured with two basketball games. Two strong outside teams have been secured to oppose the local basketball girls: while Gleichen and Queenstown will feature in the baseball tournament.

A Grand Dance will be held in the Canada Land and Irrigation barn in the evening with Eddie McLean's orchestra supplying stellar music.

A big program of sports has been arranged for the kiddies and School children in the morning, and as this is the regular Field Day of the Arrowwood School, competition should prove keen. No admission is being charged for school children and liberal prizes are being awarded in each event. So be there early and get your share of the prizes.

As in other years, there will be two booths on the grounds, where the appetites of everyone may be tastily satisfied. One of these is in charge of the Ladies' Guild and will serve delicious hot dogs, pie, coffee, etc. The second booth will supply ice cream, soft drinks, candies and peanuts.

COME ON FOLKS, LET'S GO!

March Motor Output

Official Ottawa figures show that production of automobiles in Canada during March was the greatest for any month since May of last year. March of this year exceeded by 50% the February total, which in turn was 47% of the total produced in Canada.

The production curve in Canada usually pursues a course steadily upward from January to April. This year, it is believed by some authorities that May and June will also share in the upward trend. Unreasonable weather has helped this year to thrust back the traditional buying season.

U.F.W.A. Meets at Home of Mrs. Brown

Last Wednesday afternoon the U.F.W.A. held their regular meeting at the home of Mrs. H. Brown, Mrs. J. Hesketh and Mrs. M. Henry being assisting hostesses. Twenty-six members and six visitors were present. As it was Good-Will Day, Mrs. MacLeod had charge of program, with Mrs. Taylor, Mrs. Weins, Mrs. Parnell, and Mrs. Leonard taking part.

A special committee was appointed to arrange for the convention to be held in June—the date will be announced later.

Serving of lunch brought the meeting to a close.

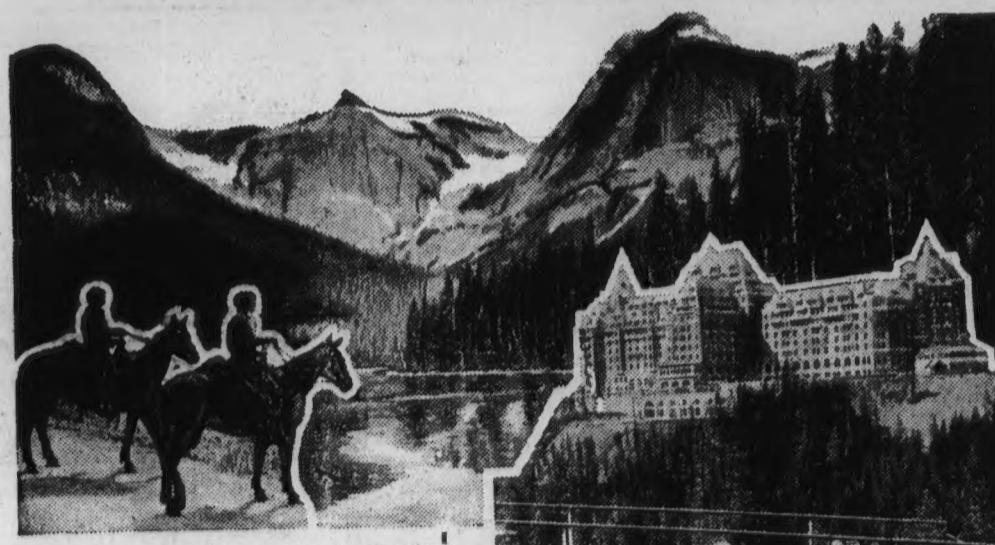

The next meeting will be held at the home of Mrs. W. Ward on June 1st.

Marquis Athletic Club Sports Day Saturday, 28th

The Marquis Athletic Club will hold a Sports Day at Lake MacGregor on Saturday, May 28th. This Association takes in all young people societies of the Municipality. About forty of the Arrowwood Juniors are competing in soft-ball, basketball, hard-ball, and other track events. The Club are putting on a dance at Milo in the evening.

Next season, amateur hockey teams throughout Canada will be permitted to pass the puck forward in every area of ice surface, except in the opposing team's sixty-foot area, as a result of revolutionary steps in the amateur hockey code which were approved by delegates at the annual session held in Montreal recently.

A WEEK IN FAIRYLAND

Nobody ever entirely loses that childhood illusion of a land which surpasses in loveliness, surprises and happiness anything that the mind is capable of envisaging; the land of make-believe, which everyone hopes may someday become a reality. It is not too much to say that the glorious Rockies, Canada's great holiday territory, renowned throughout the world, are as close to this elusive dreamland as anything that mortal man is likely to discover. Special arrangements for the coming season now bring a week in this modern fairyland well within the reach of the average traveller, with Banff and Lake Louise, on the main line of the Canadian Pacific Railway, as base-points and a wide range of every varying scenery and cosy bungalow camps beyond. The "six-and-a-half days' tour" has already become a slogan among those planning their summer vacation, embracing, as it does, not only the two famous hotels at Banff and Lake Louise, but such well known points of interest and beauty as Johnston Canyon; Moraine Lake and the immortal Valley of the Ten Peaks; the Lakes in the Clouds; the Plain of the Six Glaciers; the Great Divide; Waterton Lake Bungalow

Camp; Yoho Valley and Bungalow Camp; Takakkaw Falls; the historic Kicking Horse; Mount Stephen; Emerald Lake and the wonders of the great mountains near Field, B.C. Easily reached from all points by Canadian Pacific Railway, main line points are linked with the camps in the inner mountains by the Brewster Transport Company, past masters in comfort and conveyance for the traveller in the valleys and passes of the mighty Rockies. Automobile drives, trail rides and hikes combine with bright entertainment in the evenings to make the holiday something to be remembered for a lifetime.

Who Are the Better Class?

At a meeting attended largely by business men, a speaker referred to the "better class" and immediately there arose in one's mind the question, Who are the better class?

The statement has been made regarding tourists and the one making it ran a large business so we presumed that the better class were those who bought freely from his stock. Just a few moments before, in private conversation, the man who ran a beer parlor spoke of one town being better than the other because they bought more beer. Evidently the thought uppermost in the minds of these men was the purchasing power of people and their inclination to buy from their stock. For the time being it did not matter whether they were wife-beaters or good husbands, thugs or law-abiding citizens, cultured or uneducated, whether they went to church or to gaol. Their buying power or their willingness to spend determined the better class.

But perhaps we are tarred with the same stick. The town councillors look for taxes paid and clean, decorated homes; the sanitary surroundings and care in prevention and spread of disease, the teacher in interest taken in the work of the pupil and in good buildings and equipment; the church folk in the moral character and the attendance and support of the church. So the first thought seems to indicate that the "better class" is only a point of view and one has to face seriously the question is there *per se* a better class?

As long as a man has the money to spend does it matter whether he buys beer or biscuits? Is the one who furnishes a luxurious table and one who dresses well in the same class? Does it really matter whether a man buys an automobile or a home? Does it matter if one keeps informed, maintains good home relations uses and provides educational facilities and seeks to establish and maintain moral and spiritual standards in private and social life?

Though there is the danger of feeling that it is all a matter of opinion yet underneath there is something wrong which insists that right is right and that life does not consist in the abundance of the things one possesses. To endeavour to describe the ideal tourist or the ideal citizen might be both difficult and dangerous. But to measure man by his purchasing power seemed an echo from the dark ages. Yes, there is a better class but it can never be discovered in any snap judgments.

UNUS SOLUS

Whining Gets You Nowhere

It is now obvious that whining will get us nowhere in pulling out of the mire. A better plan is recognizing the situation clearly and meeting it as best as we know how.

The whole world is a mess. Not a country is exempt, except perhaps Eskimoland. We've been accusing each other for causing the troubles; placing blame on system and lack of system; urging that the governments do this and do that—all unavailingly.

The trouble seems to be that no one plan can get sufficient support. And so nothing is done and the people are disgusted and more discouraged. The Latin countries revolt and change governments and the Anglo-Saxons use their ballots to change governments.

Canadians seem to have lost heart just as badly as any other people. What they should do is to convince themselves that Canada can and will get through this trouble. If any country can do so that country is the Dominion.

If sentiment could be cemented into one foreign opinion; if petty, party quarrels could be drowned out by a strident national voice; if all classes would work together in mutual goodwill, then Canada would quickly emerge triumphant.

"Though much is taken much abides and though We are not now of that same strength which in old days Ruled heaven and earth, that which are, we are One equal temper of heroic hearts Made weak by time and fate, but strong to will."

—Hanna Herald.

The late William Wrigley Jr. who made millions through advertising, was once asked why he did not stop advertising, after he had built up the world's largest chewing gum business.

"Did you ever hear of trainmen taking off the locomotive after they got the train moving?" replied Wrigley.

Scotland will send an official Trade Mission ship to Canada this spring with a view to developing closer business relations with the Dominion. Over a hundred Scottish firms have already booked space on the ship which has been fitted out for the purpose by the Corporation of Glasgow.

Her Majesty, Queen Mary, and her two sons, the Duke of York and Prince George, showed great interest in the Canadian Industries section at the British Industries Fair at Olympia, London, on the occasion of their visit. The Royal party was received by Hon. G. Howard Ferguson, High Commissioner for Canada.

The highest Canadian mountain ski ascent was made in March when Russell H. Bennett of Minneapolis, Clifford White of Banff, and Joe Weiss of Basher, accomplished the unprecedented feat of climbing to the peak of the Snow Dome, centre of the vast Columbia ice fields. The peak is over 11,000 feet above sea level.

THEY'LL DROP DEAD

"How can I get rid of my creditors?"
"Pay 'em something on account and they'll all drop dead."

Health Service

OF THE
Canadian Medical Association

Edited by

GRANT FLEMING, M.D. — ASSOCIATE SECRETARY

The loss of sight is a tragedy. We do admire the courage of the blind and marvel at the cheerful way in which most of them accept their handicap. Yet it is for each one of them a loss beyond measure. It is bad enough to be blind but it seems infinitely worse if the loss of sight might have been prevented.

When we realize that as a result of carelessness many children are doomed to pass their lives in darkness, we would do well to take the necessary precautions so that such cases may not be repeated.

At the time of birth the child's eyes may be exposed to infection. Certain germs may gain entrance and set up a destructive inflammation that may lead to blindness. Because such a danger does exist, it is the practise to treat the eye of the new born with a solution which will destroy these germs before they have a chance to do any harm.

In many places such treatment is required by law. This simple and painless but efficient procedure would, if carried out regularly and without fail, in all cases, eliminate quite a large percentage of blindness in infants.

The next important preventive measure is the securing of treatment without delay for the baby whose eyelids become swollen or red or if there is any

discharge. When we say without delay, we mean actually without an hour's delay because prompt treatment may offer the only hope of saving the child's sight.

Injury to the eye is always serious and unfortunately it may cause the loss of eyesight. The proper selection of playthings will first of all help the child in his play and will also lessen, if not entirely avoid the chance of injury to himself. Toys which are thrown into the air such as a bow and arrow should not be given to the child who is too young to understand how to use them. The rifle with small shot is particularly dangerous. Blunt, pointed scissors should be provided for the child to use for cutting out.

The possible danger of fireworks is generally recognized and it is well to remember that carelessness as regards firecrackers and other explosives may mean a serious injury.

It is because that sight is such a precious possession and the loss of sight such a serious handicap that it is necessary for parents to keep in mind these things which are dangerous to the eyes of their children.

Reasonable care will bring about a decrease in the number of children who would otherwise belong to the world of the blind.

Johnny: "Heart failure."

**Wheat Bonus
Expires June 15**

Announcement to all licensees issuing the federal five cent bonus on wheat that the bonus expires on June 15, has been issued by the Board of Grain Commissioners for Canada. Any grower claiming bonus must deliver the wheat on or before June 15 to a licensed elevator, commission merchant, track buyer or grain dealer.

Even a dumb clock can make itself understood by its hands

It may seem strange but the only way to get back to prosperity is to go forward.

Pale Western Cutworm

Every indication points to a serious crop ravage this year, according to Dr. H. L. Seaman, Dominion Government entomologist. Pale western cutworms which caused a heavy crop loss last year in southeastern Alberta are hatching quite unharmed by the storms, he stated. Cold weather and storm have only delayed hatching and the cutworms will develop more evenly and infestation of infected fields will be more concentrated, he claimed. Dr. Seaman said besides the peril from pale western cutworms, there is another menace in the increase of two other species, the army cutworm and the early cutworm.

Infestation of six cutworms per square yard is sufficient to completely destroy a field in a dry season, he estimates. If the season should happen to turn out wet an infestation much greater will cause little or no loss.

Terrible Waste by Soil Drifting

It is probable that soil drifting will not be as great a problem this spring in Alberta as it was last year; nevertheless, the menace will undoubtedly re-occur from time to time and farmers should use every possible preventative measure. Prof. Wyatt of Alberta University estimates that it would require from \$150 to \$250 worth of chemical fertilizer to replace the nitrogen lost from one acre by the blowing away of a layer of soil one inch deep. The removal of one inch of soil from the best farming areas in the province wastes 300 lbs. of phosphorous, 1500 lbs. of nitrogen, and 150 lbs. of organic matter. The phosphorous alone that is lost is equal to the amount removed from the soil by 20 crops of wheat each yielding 50 bushels to the acre. A pamphlet entitled "Soil Drifting and Its Control" has recently been issued by the University of Alberta and every farmer who is troubled by this menace should obtain a copy.

**\$3,000.00
GOOD YEAR PRIZE CONTEST**

What would \$1,000.00 do to put new interest into life for you—NOW? Think what you could do with it. New Car?... Summer cottage?... A long vacation trip?... Honeymoon? Oh, there are plenty of wonderful dreams which could come true with \$1,000.00!

Why not try for some extra money in this contest. It doesn't cost a cent to enter. Read these simple conditions: Anyone from a family where a car is owned may compete. All tire dealers, all rubber company employees, and the families of both are, however, debarred.

See the special display of six Good-year tires here. These tires are of various sizes, types and ply-thicknesses. Estimate the number of cords in each, find the total and divide by six to obtain the average. A section of Goodyear Supertwist Cord fabric

is on display to help you make your estimate.

Get a standard entry form from any Goodyear tire dealer on which to submit your estimate.

Closing date: June 5th, 1932. Address: "The Goodyear Supertwist Cord Contest," New Toronto, Toronto 14, Ontario.

Come in and see Supertwist Cords demonstrated and get a helpful booklet of contest directions.

THE ARROWWOOD GARAGE

Accessories, tires, gas, oils, battery service and repairs to all makes of cars

Terrible Waste by Soil Drifting**Can Now Register
Poultry Brands**

It is now possible for poultry breeders in the province to have their stock branded just as cattlemen have their cattle branded, this being provided for in an amendment to the provincial brand act passed at the recent legislative session. Continued and heavy theft of valuable poultry stock led the government to provide this legislation. Breeders may secure Brands for their poultry by applying to the provincial brand office, paying the necessary fee of \$3 and outlining the design of brand they wish to adopt. It is suggested that where poultry breeders have a brand for other stock, the same brand be adopted for the poultry. The brand is put on the web of either wing, and the new act provides a penalty for the destruction of the wings before selling of the birds.

To Make Taxes Popular

All provinces are seeking frantically to discover something new to tax which may be reasonably approved. The Sault St. Marie Star offers very helpful hints:

Atmosphere tax graded as to ability of taxpayer.

Permanent waves on males 2c per square inch.

Ice cream cone tax, a cent.

After dinner speeches, \$1.00.

Spats, colored, 25c.

Red neckties, 25c.

Walking sticks, a nickel.

Smoking room stories, 15c to 30c.

Salvation, ad valorum, graded from editors up to crooners. Application from tax collectors not to be considered.

Road hogs, everything they have left.

Cabinet ministers, 25 percent.

Fish stories, according to the verdict of the audience.

Sponge cake, so much per pound.

Weather prophets, financial seers, college professors, boot-leggers, bridge players and radio entertainers. Let their conscience be their guide.

"So long as seeds will grow for me, and birds will sing, and friends will come in for tea, and I can say the 23rd Psalm, I will be happy. It's only youth who can be really unhappy—they resent it so when life disappoints them. But as we grow older we see it is the race that is to blame, not the individual.—Nellie McClung.

Portugal will soon erect its first broadcasting station.

The world's largest producer of poultry is the United States, with China second.

The Little World

Though God in seven days
The world and all its ways
Once for his own delight did
Fashion truly,
Yet every man alive
Must through his senses five
Create it newly.

No beauty dwells on earth
Till eyes do give it birth;
No rock, no stone, till a hand's
Touch bring concreteness
Fragrance, till breath be near
Music, till listening ear
Draw forth its sweetness.

And you, my little god,
Whose rosy feet have trod
But seven day's distance from
Your own day's breaking
You, in my arms close curled,
Tell me, what kind of work
Have you been making?

These things your treasures
Be—
Low voices' harmony;
The comfortable rhyme of the
hours;

Kind warmth, surprising light
Food, and the nodding, bright
Blurred shapes of flowers.

Here dwells no hurt nor harm
Nor any worse alarm
Than the small stupendous
Sound of your own sneezing
Wise though He be, and
great,
Could God himself create
A world more pleasing?

—Jan Stuther

"I went to the beauty parlor
This afternoon."
"Why didn't you go before it
closed, dear?"

Happenings In and Around Arrowwood

There will be a special meeting of the P.T.A. at the school on Monday, May 30th, at 8 p.m.

Mr. S. B. Reid of Drumheller was in Arrowwood last Saturday renewing old acquaintance.

Strictly fresh eggs always on hand at Frank Johnston's at 10c a dozen.

Grace Board spent the week end at the home of Charlotte Kelly.

Mr. J. R. Shearer of Black Diamond spent the week-end at the home of Mr. and Mrs. J. Mackie.

Mr. and Mrs. C. E. Johnston and Miss Victoria Barron spent the week-end in Calgary.

Mr. and Mrs. Norseworthy of Calgary, spent Tuesday at the home of Mr. and Mrs. J. Hesketh.

Drop into the Larsen Implements and they will explain how they can allow you 77c for your wheat.

May 24th proved to be a bad day for sports so Gleichen postponed theirs until some future date.

Dr. E. J. Liesemer has returned from Edmonton where he has been attending medical clinics, conducted by the University Hospital.

Mr. and Mrs. R. H. Bishop and family and Mr. E. Ross spent Empire Day at High River. Mr. Bishop and Mr. Ross were to have taken part in the tennis tournament there but it had to be called off owing to the rain.

Drop Fred Jones, of Gleichen a line and he will be pleased to call with samples. Progress Brand clothes, fit, quality and workmanship guaranteed. Calgary Knitting Co. Best knit goods on the market.

Rev. W. C. Lyle will conduct the service at the United Church next Sunday morning as Rev. V. M. Gilbert will be in Edmonton attending conference.

Friday, June 3rd will be a great day for the kiddies in Arrowwood. They get into the grounds free and will have a chance to earn their spending money by winning prizes in the races, etc.

Master Ronald Bishop was host on Saturday May 21st, to fourteen little friends, who were invited to celebrate the occasion of his sixth birthday. Games were played and favors of horns and balloons were given to each guest, after which they all sat down to be served a delicious lunch.

HARDWARE

Arrowwood Alberta

Here and There

Exports of Canadian wheat during the month of March totalled 9,920,634 bushels, of which only 71,288 bushels were routed through United States Atlantic seaboard ports.

Canada's butter exports to the British Isles and other countries totalled 10,680,000 pounds in 1931, as compared with only 1,180,400 pounds in 1930.

Canada's bread and bakery products industry showed production to a value of \$73,594,894 during 1930, through 2,698 establishments of which 1,071 are located in Ontario and 868 in Quebec.

March was the year's best month, to date, for pig iron production in Canada, with a total of 17,989 tons, at a rate of 680 tons per day, as compared with 362 tons per day in February and 332 in January.

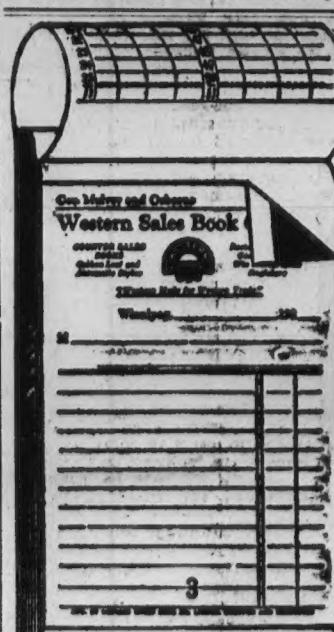

W. G. Chester, dean of Canadian railroad veterans, has just retired, in Winnipeg, after 25 years in the service of the Canadian Pacific Railway and another 25 with the Brotherhood of Railway Conductors.

Excursions run by the Canadian Pacific Railway between various points in Eastern Canada have met with unqualified success. To date, some 17,000 persons have been carried on visits and holidays, over different week-ends, by this means.

The 1931 census shows 728,244 occupied farms in Canada, or 17,164 more than were shown when the count was taken in 1921. Quebec, Manitoba, Saskatchewan, Alberta and British Columbia are responsible for the increase, with the last-named in the lead.

The WAGIN' TUNG

Vol. 1, No. 41 Arrowwood, May 26, 1932 Items for That

Phst! Where's That Daily Mail?

No, gentle reader, we have not abandoned the idea of a daily mail. This quietness as to the daily mail is just a lull before the struggle and we will soon be at it with renewed vigor. We have many peculiarities and our preference for a daily mail is one of them, and we will not be satisfied until Arrowwood has it.
